PROVEN LONG LIFE TECHNOLOGY

LMC stands in the caravan industry for well-designed engineering and functional solutions. One reason for this is we have equipped our vehicles with that little bit „Extra“ when it comes to protection and safety. But there again we have saved on many other things, namely weight. The entire innovative engineering package is grouped by the term „LLT“ - innovative Long Life Technology from LMC.

Primarily, LLT means extra freedom and safety for our customers. No matter what the weather or the ground surface, it acts as a protective cocoon. LLT provides a barrier against the elements that may affect your vehicle. LLT even stands up to heat and cold. How does it work? By using innovative materials and a well-designed body construction which are still unique in the caravan industry today.

Long Life Technologie
Sassenberg

MADE IN GERMANY SINCE 1955

YOUR BENEFITS

- Enjoy tours without a care
- 12 year warranty on body water-tightness*
- High value retention
- Protection against the weather
- Moisture has no chance
- More payload
- High energy efficiency
- Tested safety

Find out more about our Long Life Technology

* Thanks to Long Life Technology (LLT), LMC grants a vehicle body water-tightness warranty of 12 years to all caravans. An annual, fee-based test by an LMC contract partner is required.

FOR THE LONG LIFE OF YOUR CARAVAN AND EXCELLENT VALUE RETENTION

Just drive off on your tour with the great feeling you have a reliable partner at your side – value retention and a long service life are the decisive factors for our customers when they choose a vehicle from the House of LMC.

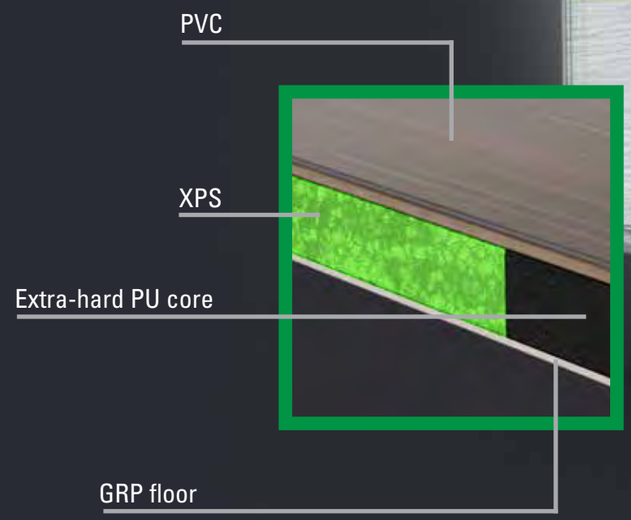
From their well-designed construction and the careful selection of materials through to high-precision production - when we build our vehicles, we strive to exceed the high expectations of our customers when it comes to quality and long service life. With our Long Life Technology we have achieved even more value retention and safety for our vehicles. At the same time, they are even lighter. Thanks to LLT our vehicles are equipped with energy efficiency and functional details which give your vehicle the best protection against the weather.

Long Life Technologie
Sassenberg

- 12 year warranty on body water-tightness* against moisture penetration.
- Hail protection and weather-proofing with GRP roof cladding.
- Difficult ground surfaces are no problem. Our vehicles masters it all – well protected by their GRP underfloor protection.
- We achieve extra stability and torsional rigidity with high-strength PU reinforcement bars.
- A constant pleasant interior climate – thanks to a high-performance insulation core made of XPS foam. Moisture has no chance.
- It has everything you need. Extra payload since we use innovative materials and clever body engineering.
- The heat stays outside and the warmth stay inside for longer – it's all made possible by using the latest insulation materials. They are effective and lightweight.

Find out more about our Long Life Technology

TESTED LLT BODY TECHNOLOGY



* Thanks to Long Life Technology (LLT), LMC grants a vehicle body water-tightness warranty of 12 years to all caravans. An annual, fee-based test by an LMC contract partner is required.

LMConnect – THE APP WHICH GIVES YOU CONTROL OVER YOUR CARAVAN WHEREVER YOU ARE IN THE WORLD

As of now, the equipment in your LMC caravan obeys your commands – wherever you may be at the moment. Simply install LMConnect APP on your smartphone or tablet. Connect by Bluetooth or Cloud. Then simply swipe the display to view the equipment and functions in your caravan. That way, you can keep an eye on everything and intervene when necessary. Networked technology, well-designed functionalities, tested safety – all this is available from LMC at the touch of a key. Convenient and exclusive.

LMConnect now integrates the latest technology in our vehicles to ensure even more convenience and care-free holidays. No matter whether you're sitting in your living room at home or on the beach, you can call the fill levels, interior climate conditions or the water temperature and even change them – just swipe the display and you have everything in view. Swipe again and when you get to your vehicle, you'll be met with a pleasant cool interior - or a cosy warm one.

Find out more about our LMConnect

LMConnect

Discover the exclusive benefits of your new digital home now with LMConnect

- Pleasantly cool or cosily warm - decide what you want and press a key even before you get there
- No more futile getting up to check the fill levels and switches
- Keep a calm eye on your tanks and other resources
- Technology that thinks for you
- Complete control of your equipment when you're not there
- Intuitive functions
- Reliable functionality via Bluetooth or Cloud
- Well designed and manageable
- Very high technical safety standards
- Available for all common Android and IOS systems

- Change the interior climate in your caravan
- Change the temperature of your hot air or hot water heater as you wish
- Check the status of your tanks or hot water heater
- The well-designed display shows you the levels in your fresh and waste water tanks when you want
- Vary the temperature of your hot water system
- Keep an eye on your battery
- The display shows you the charge level of your service battery

PACKAGES

Autarchy package hot-air heating
- 12V ventilation system
- Battery 95 AH AGM
- Control panel
- Accu
- Voltage indicator for battery

Pack weights 35,5 kg

Autarchy package hot water heating
- Battery 95 AH AGM
- Control panel
- Accu

Pack weights 32,5 kg

Design-package single achser
- Aluminum rims, single axle
- Columns superimposed of front- and rearpart
- Sidewall in smooth sheet white

Pack weights 34 kg

Design-package single axles (from 2000 kg chassis)
- Columns superimposed of front- and rearpart
- Sidewall in smooth sheet white

Pack weights 32 kg

Design-package tandem axles
- Aluminum rims, tandem axle
- Columns superimposed of front- and rearpart
- Sidewall in smooth sheet white

Pack weights 36 kg

Shower package
- Shower fitting
- Shower curtain
- Shower basin
- Wooden shower inlay

Pack weights 5 kg

Exclusive package
- Comfort-entrance-door with window incl. rubbish bin (depending on floor plan)
- Fly-screen door
- Therme for hot water supply

Pack weights 7 kg

Luxury package Vivo
- Holding tank 25 ltr. with wheels
- Remote control for LED awning lighting with rain drain
- Display for freshwater tank
- Panoramic roof window „Skyview“

Pack weights 13,5 kg

Hot-air heating winter package
- Double floor (bed and sitting hutches)
- DuoControl with crash sensor
- Eis EX with monitor (only in combination with DuoControl)
- Electrical floor heating 230 V
- Inside waste water drainage with isolated valve (18)
- Winter cover for fridge ventilation outlet

Pack weights 35 kg

Winter-Package (hot water heating)
- Double floor (bed and sitting hutches)
- DuoControl with crash sensor
- Eis EX with monitor (only in combination with DuoControl)
- Warm water heating
- Inside waste water drainage with isolated valve (18)
- Winter cover for fridge ventilation outlet

Pack weights 90 kg

12V supply package
- 12 V ventilation system
- Battery box (without battery)
- Control panel
- Accu

Pack weights 10,5 kg

UPHOLSTERY DESIGNS

Besides the wood finishes, the upholstery fabric defines the overall appearance of the interior of your new caravan. You are free to choose from six different fabrics of high quality – for no extra charge.

STANDARD EQUIPMENT

CHASSIS

Aluminum rims, single axle
Anti-sway coupling
Automatic brake adjustment
Tow bar cover
Weight increase 440 D = 1.400 kg
Weight increase 470 D = 1.600 kg
Weight increase 470 E = 1.600 kg
Weight increase 490 E = 1.700 kg
Weight increase 560 E = 1.700 kg
Stability supports / heavy duty supports
Premium-Chassis
Diagonal swing axle
Wheel shock absorbers

CABIN

Columns superimposed of rearpart
Front hinged window1.515 x 593 mm (490 E)
Rear hinged window1.450 x 520 mm (440 D, 470 D, 470 E, 560 E)
Windows fitted with mutlifunctions rollos
Automotive tail light
Automotive, three-part front section made of ABS - plastic
Roof hub (400 x 400 mm)
Reinforced roof incl. preparation for air conditioning
Third breaking light
Comfort-entrance-door with window incl. rubbish bin
Bottle holder with hydraulic shock absorbers
Roof and front / rear section in GRP
Spare wheel holder in bottle holder
Shoe hatch in the seat box
Sidewall hammer finish sheet

LIVING

Modern entrance area with storage place and integrated TV-place (440 D, 470 D, 560 E)
Table with pillar for round seating group (440 D, 470 D, 490 E, 560 E)
Mosquito net door
Warderobe front with mirror
Wall-cupboard flaps around the full circumference
Indirect lighting
Foldable upholstery
Reading spotlights in seating area
Panorama roof Skyview
Smoke alarm
Seating group extension
Wall-cupboard flaps Softclose
Winterised wall ventilation

KITCHEN

Hinged extension of the kitchen worktop (440 D, 470 E, 490 E)
Hinged kitchen window with multifunction blind
Roof hub (400 x 400 mm)
Three-hob gas cooker with electronic ignition
Big drawer
Fridge 141 ltr. (470 D, 560 E)
Fridge 99 ltr. (440 D, 470 E, 490 E)
Drawer with automatic closing and soft-stop
Drawers with self retraction and soft-stop
Side splash guards (440 D, 490 E)
Sink with glass cover
Central waste water drainage

SLEEPING

Bed lighting
Roof hub (400 x 400 mm)
Hydraulic lift for fixed beds
Cold foam mattresses in single and double bed
Bed slats incl. adjustable headrest (8)
Roll-out-bed (5) (470 E, 490 E, 560 E)
Winterised wall ventilation

WASHROOM

Storage cupboard
Bank toilet with electrical flushing
Roof hub 280 x 280 mm
Towel hook
Mirror
Washbasin
Washroom door with household fitting

HEATING / WATER SUPPLY

Mobile waste water tank in gas bottle compartment
Display for freshwater tank
44 l fresh water tank with exterior filler neck
Heating warm air 3004 S
Therme for hot water supply
Air circulation system 230 V

GAS / ELECTRICITY

Exterior socket 230V/12V/ TV and gas
Feed-in socket CEE 230 V
Central electrical supply 2x230 V
Remote control for LED awning lighting with rain drain
Jäger system (13 pole)
LMConnect Display (19)
Switcher / Sockets in brillant black (8 pcs)
TV Place-preparation (9)
12 V lighting with 400 W transformer
Air circulation and cable covers in bed bins
USB sockets (2 pcs)
LED awning lighting with rain drain without remote control
LED home lighting

LLT - LONG LIFE TECHNOLOGIE

12-years-tightness-warranty
Roof and front / rear section in GRP
Fibreglass-material under floor
High-performance insulation core
Body construction with XPS-foam and PU-struts

MUSICA

STANDARD EQUIPMENT

CHASSIS

Anti-sway coupling
Automatic brake adjustment
Tow bar cover
Stability supports / heavy duty supports
Premium-Chassis
Diagonal swing axle
Steel rims
Wheel shock absorbers

CABIN

Front hinged window1.515 x 654 mm (542 E, 552 D, 580 E, 582 E, 592 K, 695 D)
Rear hinged window 700 x 400 mm (532 K)
Rear hinged window 1.450 x 520 mm (480 E, 572 D)
Windows fitted with mutlifunctions rollos
Automotive tail light
Automotive, three-part front section made of ABS - plastic
Roof hub (400 x 400 mm)
Third breaking light
Comfort-entrance-door with window incl. rubbish bin
(532 K, 542 E, 552 D, 572 D, 582 E, 592 K, 695 D)
Extra wide entrance door - 70 cm (on all models 2.5 m wide)
Bottle holder with hydraulic shock absorbers
Roof and front / rear section in GRP
Panoramic roof window „Skyview“
Spare wheel holder in bottle holder
Shoe hatch in the seat box (depending on floor plan)
Sidewall hammer finish sheet

LIVING

Modern entrance area with storage place and integrated TV-place
(542 E, 552 D, 572 D, 580 E, 582 E, 592 K, 695 D)
Table with pillar for round seating group
(532 K, 542 E, 552 D, 572 D, 580 E, 582 E, 592 K, 695 D)
Mosquito net door
Warderobe front with mirror
Wall-cupboard flaps around the full circumference
Indirect lighting
Foldable upholstery
Reading spotlights in seating area
Smoke alarm
Seating group extension
Wall-cupboard flaps Softclose
Winterised wall ventilation

KITCHEN

Hinged extension of the kitchen worktop (480 E, 532 K)
Hinged kitchen window with multifunction blind
Roof hub (400 x 400 mm)
Three-hob gas cooker with electronic ignition
Big drawer
Fridge 141 ltr.
Drawer with automatic closing and soft-stop
Drawers with self retraction and soft-stop
Side splash guards (542 E, 552 D, 580 E, 582 E)
Sink with glass cover
Central waste water drainage

SLEEPING

Bed lighting
Roof hub in children´s room 280 x 280 mm
Roof hub (400 x 400 mm)
Bunk bed load 80 kg
Hydraulic lift for fixed beds
Cold foam mattresses in single and double bed
Cold foam mattresses in bunk beds
Bed slats incl. adjustable headrest (8)
Roll-out-bed (5) (480 E, 532 K, 580 E, 582 E)
Winterised wall ventilation

WASHROOM

Storage cupboard
Bank toilet with electrical flushing
Roof hub 280 x 280 mm
Separate shower cabin with shower door (542 E, 695 D)
Towel hook
Mirror
Washbasin
Washroom door with household fitting

HEATING / WATER SUPPLY

Transportable waste water tank, approx. 25 ltr.
44 l fresh water tank with exterior filler neck
Heating warm air 3004 S
Air circulation heater 5004 S (only for 2.526 mm total width and more)
Heating warm air Combi 6 (480 E, 552 D)
Therme for hot water supply
Air circulation system 230 V

GAS / ELECTRICITY

Feed-in socket CEE 230 V
Central electrical supply 2x230 V
Jäger system (13 pole)
Switcher / Sockets in brillant black (8 pcs)
TV Place-preparation (9)
12 V lighting with 400 W transformer
Air circulation and cable covers in bed bins
USB sockets (2 pcs)
LED awning lighting with rain drain without remote control
LED home lighting

LLT - LONG LIFE TECHNOLOGIE

12-years-tightness-warranty
Roof and front / rear section in GRP
Fibreglass-material under floor
High-performance insulation core
Body construction with XPS-foam and PU-struts

YOUR NOTES

IMPORTANT NOTICE

All prices for the options are at an installation by factory. You must calculate with additional costs at additional fittings from your dealer. Accessories recommended by us and original spare parts are especially developed and authorized by us for your vehicle. Your LMC dealer leads these products; he is informed about permitted, technical details and executes the necessary work professionally. Not released accessories or components be able to do to damages to the vehicle and lead the impairment of the roadworthiness.
Products, or by not permitted changes, no-one can become assumed liability. The mass in running order* corresponds to the series execution without special outfit. At installation of special outfit the mass in running order* increases and the load correspondingly goes down. Please take into account the weights of the special outfit at the additional load**.

Changes of prices, technological data, facilities and equipment as well as formal manner are left. The details on scope of supply, appearances and capacities correspond the one at the time of the printing existing knowledge. Deviations of+ are / 5 % possible at measure and indications of weight. The additional load** calculated from this can vary correspondingly.

Our indications of weight meet the requirements of the EC guideline 661/2009 and VO (EU) 1230/2012.

* This weight contains the mass with standard equipment according to the manufacturer: Liquid like fresh water, gas (aluminium bottles) to 100 % and cable drum without options. This corresponds to a weight of ca. 64 kg (Style and Vivo), ca. 69 kg (Musica and Maestro).

** The additional load may not be exceeded by your personal equipment and special outfit.

For the safe operation of 12V consumers in caravans during the journey, it must be ensured that the towing vehicle provides sufficient voltage. On some vehicles, the battery management of the vehicle may be switched off to protect the battery users. Please check with your vehicle manufacturer.

FOOTNOTES

1) With the special equipment pop up roof, the skylight is omitted in the washroom. The bathroom window is standard. In addition, the roof hub and / or Midi Premium skylight is forfeited. The use of the pop up roof in winter is not recommended.
2) Always included adapted pasting.
3) Only in conjunction with pop up roof. Isolation mat to button in pop up roof.
4) Outside storage room door at 490 K, 520 K, 522K, 530 K is maintained, however, no function as the bottom bunk is not openable.
5) Connection of single beds into a double bed including additional mattress part.
6) Only in connection with flat screen mount. The installation is always with TV space 1.
7) Depending on floor plan - only affects vehicles with a kitchen next to the entrance.
8) Only with single beds and double beds, but not with bunk beds.
9) Incl. 2x230V socket, 1x12V socket, satellite connection and antenna cable from the wardrobe to the TV space.
10) When possible special request roof trim railing no awnings and pop up roof.
11) Only cooling function.
12) Flat screen bracket mounted (only TV-space 1).
13) Installation in front of axle. Thus, the spare wheel carrier is possible under the chassis.
14) More inforamtion you from the plan, the technical data or ask your LMC - contractors.
14/1) Built in kitchen unit (replacing the two lower drawers wide against 2 narrow drawers).
15) When possible special request roof trim railing no awnings and pop up roof.
16) Allows gas operation during driving. The gas cylinder causes an additional weight of 16 kg.
17) Positioning next to existing outlets (1x kitchen and 2x sofa).
18) No shower connection to the sewage system.
19) Control panel for display / operation of various equipment, such as status 12V supply (mains operation, 12V operating voltage, error message fuse triggering) / fresh water tank indicator / battery status and self-sufficient On / Off / ice Ex with remote indicator / Therme for hot water / electric boiler On / Off / Floor temperature control on / off / hot water heating / convection / combined heating / air conditioning.
