Catalogue 2025-2026

RIMOR

World sweet home

Welcome. Wherever you are.

With Rimor, everywhere is home. For almost 50 years we have been making motorhomes and camper vans inspired by the most familiar concept ever: the authentic comfort of the place you love the most. Our vehicles, which are fully designed and manufactured in Italy, combine practicality, space and comfort in a design that makes you feel good, wherever you are.

Whether you're at the seaside or in the mountains, in the city or in the countryside, with Rimor you'll rediscover the pleasure of travelling in freedom. And of always feeling free, in the right place.

Your compass

Find the Rimor that suits you best with our handy map

How to find the vehicle that best reflects your idea of outdoor life and turn it into reality? Get help with this handy map. Discover the new Sailer range, the new Super Brig outfitting or all the other new features, and choose the Rimor vehicle that best suits your needs, comparing at a glance the number of berths available, the number of belted seats, the total length of the vehicle and the engine type.

- Smart couplings with power up to 400W / 60A

COMFORT DURING THE NIGHT AND PRIVACY

- Front and side driver's cabin blinds as standard
- Hypo-allergenic mattresses with removable covers
- Slatted bases on rear (and front)* beds
- Storage cabinets lighting with LED light guide

KITCHEN AND DESIGN

- Three-burner hob with electric ignition*
- Cabinets with damper hinges
- Incorporated removable kitchen bin
- Ergonomic garage pull handles

DRIVING AND SAFETY

- Adjustable car headrests
- ISOFIX points as standard
- Easy-to-access battery storage locker and external systems
- Full LED guide lights

*contact your dealership to find out which models are available

MEB-300. The new Rimor era.

**Smart motorhomes and vans with
MEB-300 Smart Energy System.**

Your Rimor motorhomes and vans are now smarter than ever. Every vehicle is fitted with the MEB-300 Smart Energy System as standard: an energy management, control and recharging system that sets a new standard in terms of energy efficiency and safety. And comfort at the touch of a button.

Remote control

Control lights and other functions easily from your mobile phone. Everything is just a touch away with the Bluetooth system and dedicated app.

Efficient recharging

Efficient recharging of auxiliary and main batteries, extending the battery life and optimising energy consumption. With an energy conversion efficiency of 96%.

Incorporation of solar panels

Using the MPPT (Maximum Power Point Tracking) technology, the battery charger optimises the solar input to capture the maximum possible energy, ensuring efficient charging even in varying light conditions.

New smart nodes

Smart control of the energy supplied by the power grid, photovoltaic panels and the vehicle alternator.

Smart. And powerful!

With 400W peak power and the ability to deliver up to 60A from the alternator, MEB-300 guarantees rapid and safe charging of the auxiliary batteries.

Multi-Source Management

Smooth integration of energy from the AC mains, solar panels and the vehicles' alternators.

Innovation drives your fun.

FIAT DUCATO X250

High-level driving comfort, cruise control, Traction Plus system and hill start assist.

- “Captain’s Chair” seat: built-in headrests, an even wider back and adjustable armrests
- Cruise control
- Traction plus + hill start assist

And much more: dual airbags, central locking, set up for radio and speakers, electric windows, electric mirrors, ABS (Anti-lock Braking System), DAB antenna incorporated in the mirrors as standard, fog lights, steering wheel controls (without radio), back suspensions in composite material, all-season tyres.

FORD TRANSIT

The most powerful SYNC system has an incredible display, perfect connectivity and advanced functions for EVs.

- 12" touch screen
- Rear view camera as standard
- **Advanced connectivity:** Connected navigation / Voice control / Smartphone integration

And much more: driver's cab seat armrests, cruise control, lane keeping assist + lane departure detection, speed limit traffic sign recognition, front parking sensors, rear camera, dual airbags, electric mirrors, ABS (Anti-lock Braking System), hill start assist, DAB/USB/MP3/BLEETOOTH radio with steering wheel controls, Start & Stop, "trend" 8" digital dashboard + lockable glove compartment, "trend" interior cladding, rapid windscreen defroster, automatic rain-sensing windscreen wipers, electric rear-view mirrors with defrosting, electric handbrake, fog lights, automatic lights, blindspot and brake assist with cyclist and pedestrian detection.

HORUS

Van time. Fun time!

On the road to fun.

Your next adventure with Horus starts here. Do it your way, because there is a Horus for every free soul. Compact and sleek or large and spacious, choose the van you prefer from a range designed to meet your needs. An example? Horus 45, with overlapping and modular double beds at the rear, offers up to four comfortable berths in the sleeping area. And if there are five of you on board, the dinette can become an extra bed to accommodate everyone.

Control the lights from your smartphone and recharge the auxiliary batteries efficiently with the new smart MEB-300 system. Enjoy the comfort of home in all the configurations: with double, twin or French beds. Get ready to be amazed by the new features: from the front and side driver's cabin blinds to the large 700x500 mm panoramic window, as standard throughout the range.

Horus

to 5

Compact. Complete. Incredible.

COMFORT

Travel how you want, sleep as comfortably as you would at home. Double or twin beds, hypo-allergenic mattresses with removable covers and front and side driver's cabin blinds for a perfect night's sleep, wherever you are. And the "Captain Chair" seats make all the difference, also when you're on the move.

TECHNOLOGY

Enjoy driving with Cruise Control, Traction Plus to be in control on difficult terrain and with poor grip, hill start assist and steering wheel controls. And enjoy the benefits of the new MEB-300 Smart Energy System, also available on Horus.

DESIGN

Modern lines, elegant interiors, durable materials. The 700x500 mm panoramic window lets in plenty of light, and a piece of the sky. Form follows function, without sacrificing style. Because even the eye wants its van.

CONFIGURATIONS

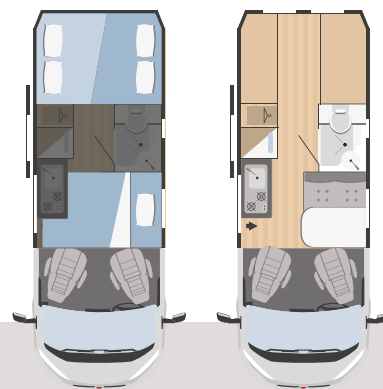

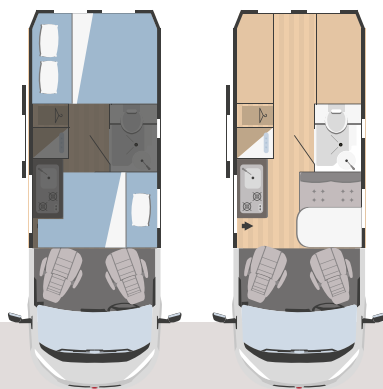

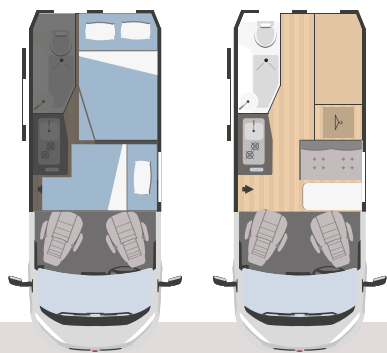

Compact or spacious, Horus adapts to your way of living life on the road. Modular, twin, French or overlapping beds. Do you need more space? Horus 54 and 38 transform the sleeping area into a storage area, and Horus 45 has up to 5 berths.

SLEEPING AREA

- French bed (Horus 12)
- Double bed (Horus 38 / Horus 54)
- Double superimposed bunk beds (Horus 45)
- Twin beds (Horus 95)

KILIG

The excitement of exploring.

Camper life has never made your heart beat faster.

Life en plein air is truly inspiring with Kilig. With its new lighter and more resistant chassis, Kilig carries you away agilely and effortlessly. Let yourself be seduced by its smart solutions, also at the wheel: SYNC 4 with 12" touch screen, rear view camera and connected navigation, smartphone integration and voice control.

Be prepared to fall in love with its completely renovated design: modern, elegant interiors with new details, fabrics and components. And the night-time wellness will be irresistible: slatted bases on rear beds (where available) and hypo-allergenic mattresses with removable covers. Inside, every detail is designed for your comfort: a 3-burner hob with electric ignition, soft-close drawers, LED guide light ambient lighting and smart solutions such as the incorporated removable bin.

SARUS

Let your desire for adventure soar.

Lightweight, versatile and accessible. With 13 models to discover.

Spread your wings of freedom and enjoy camper life anywhere with Sarus. Whether you are a novice or an expert in life en plein air, you will find the solution that best meets your needs among the 13 low-profile and overcab models, including 9 under 7 metres. Move agilely thanks to its redesigned chassis - now even more robust and lightweight - and drive carefree thanks to the “Captain Chair” seats, cruise control and Traction Plus system with hill start assist.

The simple interior elegance of Sarus is designed to last: the kitchen has hard-wearing worktops and soft-close drawers, to make you feel at home. Just like the mattresses with removable covers and the standard front and side driver’s cabin blinds for the best night-time comfort. And there’s more. Be amazed by the smart details: MEB-300 Smart Energy System as standard, soft-close door, safer and more resistant garage pull handles, removable kitchen bin and LED guide light.

SUPER BRIG & SAILER

Travel with the wind in your sails.

Luxury and a nautical feeling in the low profile and overcab version.

Cruise the streets in style, just like on a classy boat. Super Brig and Sailer, in the overcab and low-profile configurations respectively, are back in their best-ever versions, with a new, contemporary interior design. There is lots of technology on board, starting with the new MEB-300 Smart Energy System with remote control from a smartphone app, as well as a new, redesigned, more resistant and lighter chassis, a new ceiling with Vetroskin cladding and new electrically controlled drop-down beds.

Don't compromise, there are many configurations available. Super Brig 677 TC makes a historic comeback with up to 6 comfortable berths. The Suite model invites you to enjoy every moment with its double dinette and spacious kitchen with combi-oven with grill and hob. Meanwhile, Sailer 56 Plus greets you with top-of-the-range comfort, including an inverter and coffee machine as standard. Lots of models to explore, to travel in style.

Move in style.

COMFORT

On-board comfort worthy of a flagship vehicle: beds with slatted bases, hypo-allergenic mattresses with removable covers, front and side driver's cabin blinds as standard and a bathroom with solid shower door. Travelling has never been so relaxing.

TECHNOLOGY

The new MEB-300 system manages energy and charging in a smart and connected way. Control and adjust the new LED lights and inverter from your smartphone using the app and Bluetooth technology: every detail is designed to make your life easier.

DESIGN

Nautical-inspired style, contemporary interiors with new laminates, Vetroskin ceilings and elegant finishes. Super Brig and Sailer have a sophisticated look worthy of a true flagship vehicle, without making sacrifices.

CONFIGURATIONS

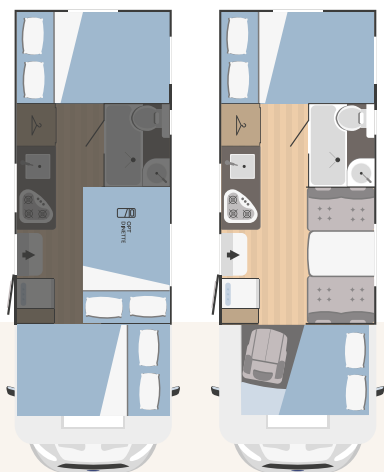

Super Brig 677 TC with 6 berths. Super Brig Suite with double dinette and kitchen with oven and grill (also available on Super Brig 687 TC and Sailer 87 Plus). Sailer 55 Plus with face-to-face dinette. Sailer 56 Plus has a real living space with rear L-shaped kitchen, inverter and coffee machine included. And much more.

SLEEPING AREA

- Transverse bed (Super Brig 687 TC / Super Brig 677 TC / Sailer 55 Plus / Sailer 87 Plus)
- Twin bed (Super Brig 695 TC / Sailer 95 Plus)
- Rear suite bed (Super Brig Suite)
- XL Front drop-down bed (Sailer 56 Plus)
- Central bed (Sailer 69 Plus)

**One big family.
In the best moments of your
life, always by your side.**

Information about the weights

Mass in running order

The mass in running order of the type-approved vehicle includes: driver, fuel tank filled to 90% of its capacity, clean water tank filled to 20 l (using the special discharge valve) and gas cylinders (max. 15 kg) filled to 90% of their capacity.

The calculated mass in running order has a tolerance of +/- 5% compared to that of point (b) defined at the time of type-approval. Everything not included in the vehicle's standard version, both living pod and chassis, increases the weight in running order with the consequent reduction in the useful load up to the possible reduction of the total number of belted seats compared the type-approved ones.

The available useful load is the difference between the maximum mass permitted with full load and the mass in running order plus the weight of the passengers. It is therefore advisable at the time of purchase to pay special attention to the weight of the optionals you intend to install on the vehicle.

Overall mass

The overall mass is the total mass of the vehicle that must not be exceeded.

Potable water tank while driving

The clean water tank must contain 20 litres of water, using the supplied discharge taps, when the vehicle is in running order.

The technical data and vehicle characteristics, as set forth in this catalogue, are purely indicative in nature. The manufacturer and distributor cannot be held liable in the event of changes made for any reason during the season.
